

# Shipping Information

## 1. Shipping Methods: room/ambient temperature or frozen

For most recombinant protein provided as lyophilized powder and most antibodies provided as liquid, it remains stable during the delivery at ambient temperature.

For frozen shipments, under no special requirement blue ice is packed.

For shipments at 4°C, please inquire.

## 2. Shipping Fees and Delivery Timeline

Shipping Condition	Frozen (Inside)	Frozen
Delivery Timeline	1-3 days	3-7 days
Shipping and Handling Cost	45.00 RMB	120.00 USD
Delivery Day	1-2 business days after payment	
Terms of Delivery	FOB	

Customized products will be shipped out within after order is completed.

Extra fee will be charged to orders of that require liquid nitrogen.

Delivery timeline depends on the carrier services. The shipments are normally made via FedEx etc.

If you intend to import the products using your Fed-Ex or DHL courier account, please provide the courier account # on the purchase order.

Shipping and handling costs are prepaid and added to the invoice.

**Note:** All the shipping information is applied for the catalogue products on bioworld website.
